Checking Progress

At the top of the screen, select the subject category.

Within each subject, the screen should show you data and graph for the following information:

Overall Statistics, Grade Level Progress, Last Session, Grade Level Increase per Month, Last Practice Sets Done, Overall Grade Level Progress, Standards Passed Each Month, Upcoming Lessons, and Weekly Average of Skills Done.

*Do not be alarmed by the placement. Moby Max attempts to fill in any gaps in learning from previous grade levels based on a preliminary placement test. Moby Max may show a placement in a lower grade due to these gaps in learning.

Checking Time

On the top border, select the "Time" category (towards the end of the list).

In this report, you will see the daily times for each category. In order to find the week's total, you must add the minute totals manually.
