

### How do I check my time?

Go to "Time" on the home screen.

To calculate your total weekly minutes, add up the minutes in the columns for each category. Pay attention to the dates so that you are only adding the days of the current week.

### How do I check my progress?

When checking progress, you can see a more detailed report when you click on the link that says "See complete dashboard" at the bottom of the progress screen.

On the complete dashboard, you will be able to see the current data on your progress.
