

Meigs 6th Grade Science Camp

Oct. 26-28, 2016

Parent Letter

Dear Parents and Students;

The Meigs Magnet 6th grade will be traveling to Columbia, TN on Oct. 26-28, 2016 to participate in a Science and Environmental education camp at the Ridley 4-H Center. While we are there, students will be immersed in many topics related to Earth Science such as geology, energy, symbiotic wildlife relationships, conservation of natural resources, and many others. Team building activities which help to foster a community of civil and empathetic learners will also be a mainstay of our days at camp.

The cost of the trip is \$125.00. This cost covers all meals for 3 days, lodging, transportation, and staff fees for the facilitators.

We will leave Meigs after morning announcements on Wednesday, Oct. 26 on chartered buses. We will return prior to dismissal on Friday, Oct. 28.

Our parent meeting will be held on Thursday, Sept. 8 at 5:30pm in the cafeteria to answer specific questions regarding our trip. Several documents such as health forms, parent consent forms, proof of medical insurance forms, packing lists, and others will be sent home soon. Please return the attached Camp Interest Form by Wednesday, Sept. 21, to indicate if you are planning for your child will be attending camp.

Sincerely,

The 6th Grade Team
