Comparing Paleolithic and Neolithic People

DIRECTIONS: Create a shared MeigsMail Presentation (slide show) (55 points)

Read each statement in the list below. Place each statement (2 points each) with the correct era. Statements that are about the Paleolithic Age must be presented with that era. Statements about the Neolithic Age are to be placed with that era. For the statements about both ages, create a section of the slideshow that shows that some statements applied to both eras. Add at least 5 pictures (5 points each) to help visualize the ideas presented.

- lived in small groups of nomads
- hunted and fished
- created wall paintings
- gathered plants and fruits
- underwent the farming revolution
- made stone tools and weapons
- lived in villages
- farmed, raised animals, and traded
- made farming tools
- discovered how to use fire
- practiced specialization of jobs
- started to speak a language
- made tools out of copper and bronze
- created cave paintings
- built shelters

After you have completed the slideshow, answer the questions that follow using a shared MeigsMail Document. Answers should be in 5-sentence paragraph.

1. What are three important ways people from the Paleolithic Age and people from the Neolithic Age were alike? **(15 pts)**
2. What do you think was the most important development made during the Stone Age? Explain using three examples specifically from our textbook. **(30 pts)**

Both MeigsMail documents must be shared (can edit) to Mr. P
(flyparsons@meigsmail.org).

Each document should be named "stoneage + your name"
