## **WEATHER: TASK #1**

Score: \_\_\_\_\_

Go to the Weather Channel website <http://www.weather.com/>  
Put in your zip code.

Create a PowerPoint.

Title page: include the title, your name, and zip code...

Create slides in which you copy a picture of each type listed below.  
(Include the title of each picture and other important information.)

- Current Weather
- Radar
- Satellite
- Temperature
- Forecast Weather (7 day)
- Winds
- Cloud cover

Final slide: Credits

### **EXTRA CREDIT: WOW factor!**

Compare the maps from the Weather Channel website with that of USA Today weather website <<http://www.usatoday.com/weather/default.htm>> or another valid weather site. Compare and contrast the information from the two sites. Give your evaluation of which one is the best site for your Weather Map assignment.
